Declaration about Service, Repair and Retrofitting of Certified WERTHEIM Safes and Strong Rooms:

Wertheim entitles the service-partner to repair, service or retrofit Wertheim products upon request of the customer or Wertheim.

In case of retrofitting locks, the used one has to be included in the valid lock list of the certifier. The right of access to the actual lock list is given.

The service-partner is obliged just to use skilled and qualified trained technicians of his own company, to ensure that repairs, retrofitting and service works are done professionally.

Participation in Wertheim trainings is a precondition for authorized service-partners. The in house trainings and trainings on the job strengthen the achieved knowledge and assure the high quality standard.

Wertheim issues a training acknowledgment for each participant.

The service-partner is obliged, to lead a consistent and complete documentation, by installation protocols and photos of the site and store them for 10 years. If necessary the Label has to be actualized or removed.

Confidential data, like emergency opening instructions, drill sketches, photos, product know how may never be passed over to third parties.

The product liability from the time of repair or retrofitting of the product is covered by the service-partner.

The service-partner is entitled to show the authorization to the customer.
